

The A.G.M. 1963.

The meeting was [] for the 20th March in Committee Room I at 6.0. p.m. There were insufficient members present for the meeting to be held. It was agreed by those present that the officials of the year '62-63 should continue in their posts at least until the end of the academic year.

It was hoped that many new ringers would join the society in the coming October. It was agreed that an effort by all members was necessary to prevent the then present decline in enthusiasm in the society from continuing.

During the year the secretary has found her academic work had prevented her from performing her duties as secretary adequately. She therefore resigned at the end of the academic year 1963.

Signed
Margaret A. Essen
